Step4. Filter and choose what you like

1. Under the “**培育項目(Cultivation Projects)**” page, you will be allowed to choose whether you want to enter our “enterprise special class” or the “topics school” for your training. If you see an enterprise that you like, don't hesitate to register for it!
2. Click “**申請(Apply)**” to register and submit additional relevant information to increase your chances of being matched with your preferred company!

Step5. Send out your application

remember to click “送出 (Send)” to ensure your submission

! You can choose up to 5 dream companies.

Step 6. Sort your preferences and increase your opportunity to be admitted!

After submission, you can drag and drop your preferences in the “志願排序(Sort your preferences)” page in the “申請專區(Application page).” After completing it, make sure to click “送出志願(Send preferences)”

Step 7. Wait for the matching process and complete your registration

After sending out your preferences, wait for the matching process and pay close attention to any notice regarding it in each stage.

! The system will e-mail you to notify you of the matching results. After successful matching, make sure to click “馬上報到(Register now),” otherwise your application will not be considered.
